Project ECHO Ontario: Epilepsy Across the Lifespan

EPILEPSY LEARNING DAYS - OTTAWA

FEB. 29 - MAR. 1

In-Person, interactive case-based sessions and didactic presentations.

Child & Youth Epilepsy Day
Mar. 1 | 8:30 - 4:00 p.m.

Dinner Panel Discussion
Feb. 29 | 5:30 - 8:00 p.m.

Connect with epilepsy specialists and community healthcare providers. This interdisciplinary event compliments our ECHO Epilepsy in Children & Youth and Adults programs.

Topics Include (but are not limited to):
- Epilepsy in newborns and infants
- Diagnosing and treating paediatric drug resistant epilepsy
- Health inequities and epilepsy
