Project ECHO Ontario: Epilepsy Across the Lifespan

Epilepsy Learning Days - Toronto

Feb. 8 & 9
8:30 a.m. - 4:00 p.m.

In-Person, interactive case-based sessions and didactic presentations.

Connect with epilepsy specialists and community healthcare providers. This interdisciplinary event compliments our ECHO Epilepsy in Children & Youth and Adults programs.

Topics Include (but are not limited to):
- Epilepsy in newborns and infants
- Diagnosing and treating paediatric drug resistant epilepsy
- Vascular disorders and epilepsy
- Epilepsy and pregnancy

Dinner Panel Discussion
Feb. 8 | 5:30-8:00 p.m.
